

Workshop - Future challenges: Stakeholder engagement

Objective - Present and future wildfire challenges across Europe and the world require more coordination between scientists and stakeholders in order to give an effective solution to the identified needs. The workshop will consist of an interactive exercise involving PyroLife Early Stage Researchers (ESRs) and invited stakeholders to explore ways on how to make collaborations more efficient and jointly design processes and products that help address the challenges. The workshop will follow the design process of **scope, survey, analysis, synthesis and implementation**.

Organisers - Kathleen Uyttewaal, Núria Prat-Guitart (PCF) Simona Dossi, Guillermo Rein (ICL), Pooja Pandey, George Boustras (CERIDES), Rob Gazzard (FC), Kim Lintrup (FireAid)

Day 1 (17th May 2021) 9:00am-4.00pm CEST

9:00am-9:10am - **Welcome, agenda overview and workshop process (N. Prat-Guitart)**

9:10am-11:00am - **Session 1. S2**

Speaker	Organization	Topic
Kim Lintrup (9:10-09:30)	FireAid, Denmark	Nordic fire management
Avgoustinos Chatziagiannis (9:30-9:50)	Fire Safety Training Providers, Cyprus	Mediterranean fire management
Fabio Silva (9:50-10:10)	Special Civil Protection Force, Portugal	Societal engagement on risk management
Sarah Bunce (10:10-10:30)	Thames Basin Heaths Partnership, UK	Conservation and land management
Q&A (10:30-11:00)		

Break (11:00-11:10 CEST)

11:10am-01:00pm - **Session 2. Best practices: processes, solutions and products for the engagement of stakeholders.**

Rob Gazzard (11:10-11:20)	Forestry Commission, UK	Introduction to the design process of solutions for stakeholder engagement
George Boustras (11:20-11:40)	CERIDES, Cyprus	Best practices for the engagement of stakeholders in risk management
Gareth Clay (11:40-12:00)	UK Wildfire Research Group, UK	Strategies to learn from each other

Iago Otero (12:00-12:20)	University of Lausanne, Switzerland	Mediterranean/Alpine examples of co- production
Pedro Herrera (12:20-12:40)	Entretantos, Spain	Sustainable landscape management
Q&A (12:40-01:30)		

Lunch Break (01:30-02:30pm CEST)

02:30pm-04:30pm - Session 3. Breakout rooms (open to all workshop participants)

The participants are divided in two groups. Based on the morning outcomes, groups propose and discuss processes/solutions/products that help to address one or multiple challenges identified during the morning. ESRs are encouraged to include their research being developed in PyroLife as part of the solutions proposed.

Day 2 (18th May 2021) 9:00am-4.00pm CEST

09:00am-10:45am - Session 4. Group discussion and presentation preparation (session for PyroLife ESRs only)

Break (10:45-11:00 CEST)

11:00am-12:30pm - Session 5. Presentation of outcomes of the design process (open to all workshop participants)

N. Prat-Guitart (11.00-11.10)	Summary of day 1
Group 1 (11:10-11:30)	Presentation of outcome
Group 2 (11:30-11:50)	Presentation of outcome
Q&A (11:50-12:30)	

Lunch Break (12:30-2:00 CEST)

2.00pm -4.00pm - Session 6. Workshop wrap up and next steps (session for PyroLife ESRs only)
